

# ICEBREAKER

You will draw lots to find a partner. One of you will be A, and the other will be B.

---

## TASK 1

Spend about five minutes talking to your partner with a view to you giving a thumbnail sketch of him/her to the group. You might want to find out about interests, hobbies, family, personality, or anything else that interests you and your partner is willing to tell you.

Make notes on this sheet of key points, and use them as a basis for introducing your partner to the group.

---

**Notes:**
